

The undeniable fact that many of us (and especially our kids) have to come to grips with is that in a few short weeks – fall will be here and it's time to head back to school. We'd like to show you a video clip regarding our kids ministries at CLF and the volunteers who make all our ministries possible.

We believe at CLF that the people who find the greatest fulfillment in their walk with Christ are those who find a place where they can use their talents for God. As a church we are committed to helping people find their niche – the spot where God can use their abilities and availabilities for his glory.

There's a gray insert in your bulletin that poses the question, **“Where will you allow God to use you?”** With fall approaching and as you plan your commitments this upcoming school year, I encourage you to find a place where you can be used of God. In the kids ministries department here at CLF, we have over 40 opportunities right now, available for individuals to serve, each varying time commitments, and giftings. On the back of that insert there are a few statistics which illustrate the IMPACT that volunteers just like Butch and Rebecca are having on our kids lives.

On one of the IMPACT tables is a packet of ministry opportunities which I invite you to take home and review as well. This lists the opportunities for volunteers to serve in our kids ministries department, broken down by age group and day of the week.

If you are at all interested in finding a place to serve in any of our kids ministries areas at CLF, whether on a Sunday morning, Sunday evening, Wednesday evening – please circle “I” on the welcome card and I'd love to talk with you further regarding which of our kids ministry opportunities would be the best fit for you.
